Light steers \$8-\$10 higher. 500-550lbs steers \$8-\$13 higher, and 550-650lbs steers \$10 higher. Plain and x-bred steers bringing as much as quality cattle did last month. Thanks to southern California rain. They like the eared cattle because of the heat. Most of the light cattle went to California with the balance going to Idaho and Oregon. Heifers are considerably higher as steers are getting harder to find. Light heifers are up \$10 from last month.

The next Feeder Sale is February 18th in conjunction with our Regular Sale Feb. 17th. Lots of quality 400, 500, and 600lbs steers and heifers are already consigned. Look for truck load lots on our in house video. Butcher cows are up considerably and will probably get much higher as the year goes on. Turn those thin open cows out to grass if you can, because they might get back to \$60 come June, July and August.
