TOTAL HEAD: 1806

New record prices again this week. It's almost like your dreaming. I hope we never have to wake up from this dream. 4, 5 and 600# steers bring \$800 to \$900 per head. Heifers in the same weight brackets cashing in at \$700 to \$825 per head. The best part is buyers are able to lock these high priced cattle in on the futures and still make them work. Lean butcher cows and bulls are also at record highs. Fatter cows are \$4 to \$5 back of a high yielding lean cow. We made it to \$85 last week. Cows are a little cheaper this week but should stay steady. We are looking forward to next month's feeder sale. It should be a good one. We already have a lot of cattle consigned.
