TOTAL HEAD: 2,805

The market rebounded the morning of the sale as the futures had been down the limit three days in a row leading up to March 17<sup>th</sup>. We were pretty nervous because we had approximately 400 head of cattle weighing 700 to 900lbs. These bigger cattle are affected considerably more than the light cattle when the futures drop or rise. Light cattle were in strong demand again with 500 and 600lb weights being the most popular. Most of the smaller cattle went to California again and the balance went north to Idaho. Our annual cattle sale numbers were up 10,000 head last year and well on the way to being up 10,000 head more this year. Nevada Livestock Marketing would like to thank all of our consignors for giving us the chance to market their good cattle. We are looking forward to our next feeder sale April 21<sup>st</sup>. We already have some long weaned green calves consigned. Give us a call to consign your calves or if you have any questions.
